Company from where products were purchased Date of purchase

This guarantee covers the products of INTERPLAST and of its subsidiary ELVIOM as described in the company's technical manuals.

- 30 years for Como-pex and Como-pex Oxygen barrier and Creta PB pipes
- 30 years for Como-floor pipes used in underfloor heating installations
- 10 years for brass fittings made by ELVIOM S.A.
- 10 years for Aqua-plus pipes and fittings
- 10 years for sewage pipes manufactured in accordance to the Greek standard ELOT 686B
- 10 years for PP sewage pipes and Fittings, Atlas Plus

INTERPLAST S.A. is obliged, in the event of damage, to carry out disassembly and re-assembly of the specified items and repair all the immediate damages caused by its products, under its own management or to assume the incurred expenses after the budgeted liability has been checked and approved by INTERPLAST.

In addition, compensation is provided for damages resulting from civil liability related to the product or our own liability owing to faultiness of the abovementioned products.

We guarantee the aforementioned lifespan from the date of installation to the amount of up to € 500,000 per incident and a maximum of € 3,000,000 over the course of a year.

Conditions for the compensation mentioned above:

- Damage is reported within 14 days at latest.
- Instructions have been followed precisely (see technical manual) relating to installation and operation of INTERPLAST pipes and fittings.
- The present statement has to be signed and submitted to our company within a maximum of 15 days from the commencement of operation.

On behalf of INTERPLAST S.A.

We confirm that our works, i.e. installation of Interplast S.A. pipes and fittings, were carried out in accordance with the instructions described in the company's technical manuals.
